ARTS LIBRIS.  
THE ART AND DESIGN BOOK FAIR IN BARCELONA

Arts Libris is a project organized by Arts Santa Mònica and Fundació Gràfica with the aim of promoting and publishing the artist's edition in the field of art and graphic experimentation. It provides a meeting point for professionals and enthusiasts, producers and collectors in the context of Sant Jordi International Day of the Book.

The artist's edition has a wealth of facets, possibilities and outcomes but there is a series of defining values that is common to all: the conception of the book as a piece of art or graphic experimentation, the painstaking care of the edition, the choice of papers, bindings and so on. The decision to set quality above commercial interests and the emphasis on direct contact with the buyer are the hall-marks of a collective that embraces art, craft, design, graphic arts and bookbinding. At the same time constitutes a significant productive sector with a long tradition and considerable influence in Catalonia.

Arts Libris is a meeting point for professionals and interested amateurs. It will host two small exhibitions, several round-tables, lectures, book presentations and workshops. During the four days of the book fair Arts Santa Mònica will be a place of constant activity, meetings and exchanges. It aims in time to become a major event for the sector. Arts Libris is conceived as a cross between a marketplace, an exhibition and a mini-conference.

During these four days Arts Libris hosts: 65 exhibitors, 11 presentations-round tables, 3 exhibitions, 4 family workshops.

Organized by: Arts Santa Mònica, Raïna Lupa and Fundació Gràfica  
Space design and coordination of the production: Las Eternas Consultancy: Ariadna Serrahima  
Graphic Design: Cla-se, Meri Iannuzzi
